Dear Patients:

This note is to inform you that as of June 10, Dr. Sterling McClain will no longer be with Diana Health. Additionally, as of June 20, Dr. Amanda Haney will no longer see patients at Diana Health. Both of these physicians are relocating to Florida to pursue opportunities that better fit their personal needs. We are deeply grateful for their dedication to our patients and our community and we recognize the close relationships they each built with many of you.

We are committed to continuing to provide you with the most comprehensive and compassionate women's health care. You have the right to choose your healthcare provider and our care team is available to you for the continuation of your care with Diana Health.

To that end, we are pleased to share that Dr. Jeff Davis will join Dr. Shan'Terika Remo and Dr. Pooja Sangani and our experienced team of Advanced Practice Providers in seeing patients in our Springfield clinic. These physicians, along with our experienced team of Certified Nurse Midwives, will continue to support our patients in labor and delivery in partnership with TriStar NorthCrest Medical Center.

Dr. Remo, Dr. Davis, and Dr. Sangani will perform gynecological procedures and surgeries in our Springfield practice as well as at the NorthCrest hospital as needed.

For all future appointments, the following providers are accepting new patients and we would be happy to help facilitate your scheduling with any one of them:

- Dr. Shan'Terika Remo
- Dr. Jeff Davis
- Dr. Pooja Sangani
- Tiffany Crisostomo, CNM

Upon receipt of the written authorization, a copy of your medical record will be sent to your new provider.
